The strong Salvation Army band will be leading the praise!

The Israel Education Forum (IEF) was founded in 2009 by some thirty Evangelical Arab and Messianic Jewish Israeli organisations engaged in education. The vision of the IEF is to harness Messianic and Evangelical education for the building of Gods Kingdom -contributing to the fulfillment of the Lausanne Vision of evangelising the world. The mission of the IEF is to serve the needs of the Messianic and Evangelical communities in Israel, to impact on the nation of Israel and its component societies, and to 'serve the nations'. To do so the IEF focuses on the professional and spiritual development of its educators, on the development and capacity building of its member organisations, and collectively the implementation of their mission. They seek to include both Arab and Messianic educators and serve all communities, thus reconciliation plays a central role. Due to lack of resources they are focusing at this stage on networking.
